Hello new user!

We're thrilled to have you here. Before you start using our page, you need to make sure the database is loaded with basic data like countries, provinces, cantons, and districts; the user interface reads the database and loads its combo boxes with the data in it.

Startup page

When you first enter our system, this is the page you will see. You have the option to login as an adopter or as a rescuer if you are already registered into the system. If you're not registered yet, just click on the create account button!

The values that you need to login are your username and password, who you used to register in create account and use the credentials based on your kind of account.

Welcome to Dog Lovers

ADOPTER LOGIN	RESCUER LOGIN
<input type="text" value="Username"/>	<input type="text" value="Username"/>
<input type="password" value="....."/>	<input type="password" value="....."/>
<input type="button" value="LOGIN"/>	<input type="button" value="LOGIN"/>
<input type="button" value="Create account"/>	

Registration page

After selecting the create account button, you will be directed to this page. You must fill out every space, the second name is optional. You can create a rescuer account or a rescue center account (they work the same way) or you can create an adopter account, depending on your needs.

Username: Write your desired username, if its already registered you'll need to change it.

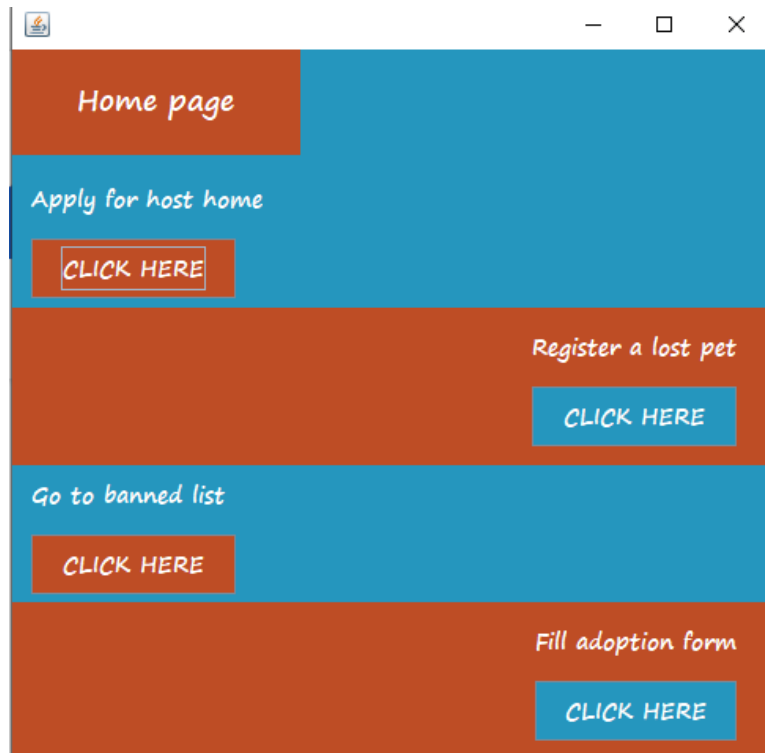

Password: Write your password (You can use any character).

Identification: Write your carnet number (without spaces).

Gender: Select your gender.

Home page (adopter)

This is the home page for the adopters. You can click on any option you want to view.

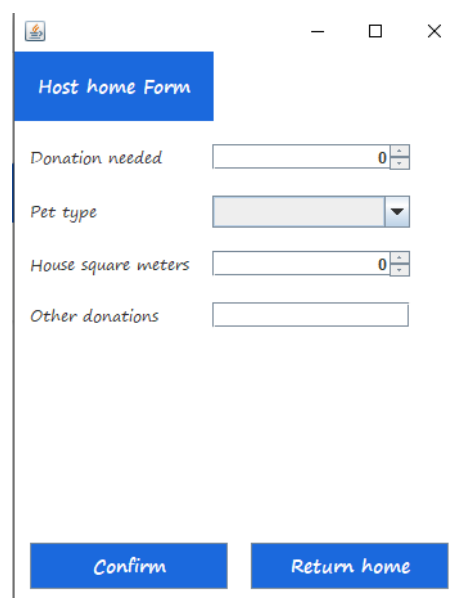

The screenshot shows a web application window titled "Home page". The interface has a blue header bar with the title "Home page" in white. Below the header, there are four main sections, each with a blue button labeled "CLICK HERE":

- Section 1: "Apply for host home" (blue background)
- Section 2: "Register a lost pet" (orange background)
- Section 3: "Go to banned list" (blue background)
- Section 4: "Fill adoption form" (orange background)

Host home form

To apply to be a host home, you can enter the amount of the donation you need(in your local currency), the pet type you can receive and the house square metters. In other donations, you can tell us if you need any supplies, like food, bed or anything you can need.

The screenshot shows a web application window titled "Host home Form". The form contains the following fields:

- "Donation needed": A text input field with a value of "0" and a small "+" and "-" button.
- "Pet type": A dropdown menu with a blue arrow icon.
- "House square meters": A text input field with a value of "0" and a small "+" and "-" button.
- "Other donations": A text input field.

At the bottom of the form, there are two blue buttons: "Confirm" and "Return home".

Lost Pet Registration

You can enter the information of the pet you want to register on this page. Make sure you don't leave any information in blank. To submit the pet photo, just look it up in the tool provided that makes it easier to navigate your files.

Reward and reward currency: If you want to offer an reward, feel free enter any amount and specify the currency in the following space.

Adoption form

If you wish to adopt a pet, you can fill up this form to do so. You need to meet some requirements to qualify. You need to load pictures of your space and if you have other pets you can put their pictures too.

The screenshot shows a web form titled "Adoption form" with a pink header. The form is divided into several sections:

- Personal Information:** Includes checkboxes for "Do you own a house?", "Do you have authorization to have pets where you live?", and "Do you have any other pets?". There are also input fields for "Budget destined for the pet per month (in colones)" and "Years of the pet living with you".
- Pet Care:** Includes a dropdown for "Is the pet for care?" and a text input for "Average daily time the pet would be accompanied (hours)".
- Pet Space Photo:** Features a "Look in:" dropdown set to "Documents", a file list showing "NetBeansProjects", and fields for "File Name:" and "Files of Type:" (set to "All Files"). There are "Open" and "Cancel" buttons.
- Sleeping space photo:** Similar to the Pet Space Photo section, with a "Look in:" dropdown, file list, and "Open" and "Cancel" buttons.
- Other pet photo:** Includes a "Look in:" dropdown, file list, and "Open" and "Cancel" buttons.
- Adoption Test:** A pink box with the text "Adoption Test" and a "Select a Pet" dropdown menu.
- Buttons:** At the bottom right, there are "Confirm" and "Return Home" buttons, and a small "Active" status indicator.

Budget: Its received in colones.

Average time for pet: A number, in hours.

Years with other pets: A number, you can enter the years you've had your previous pets (if you have them).

Select a pet: Here you will see a list of the pets available for adoption. You will select the one you would like to adopt.

Home page (rescuer)

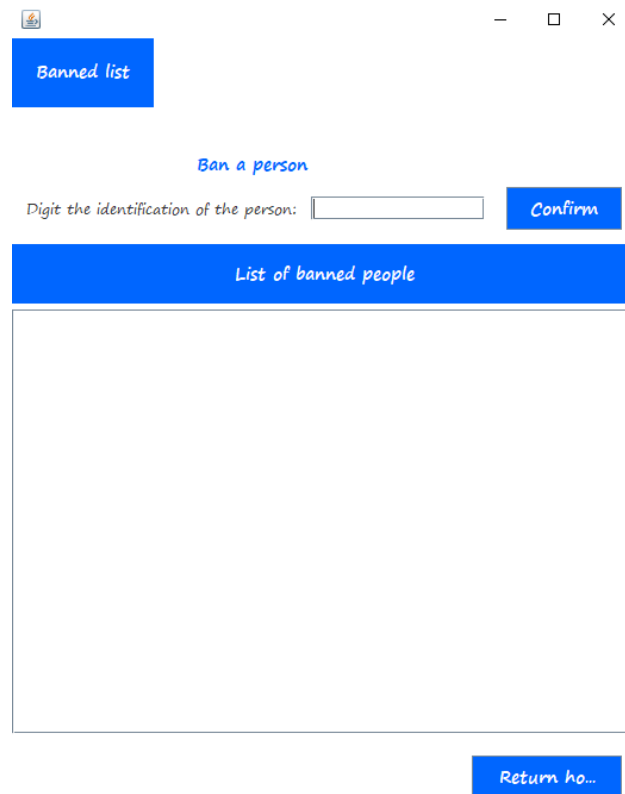

This is the home page for rescuers. You can click on any option you want to view.

The screenshot shows a web page titled "Rescuer Home" with a pink header. The page has a light blue background and contains several links and buttons:

- Go to banned list:** A green link with a blue "Start" button below it.
- Register lost pet:** A green link with a blue "Start" button below it.
- Register Pet Rescue:** A green link with a blue "Start" button below it.

Banned list

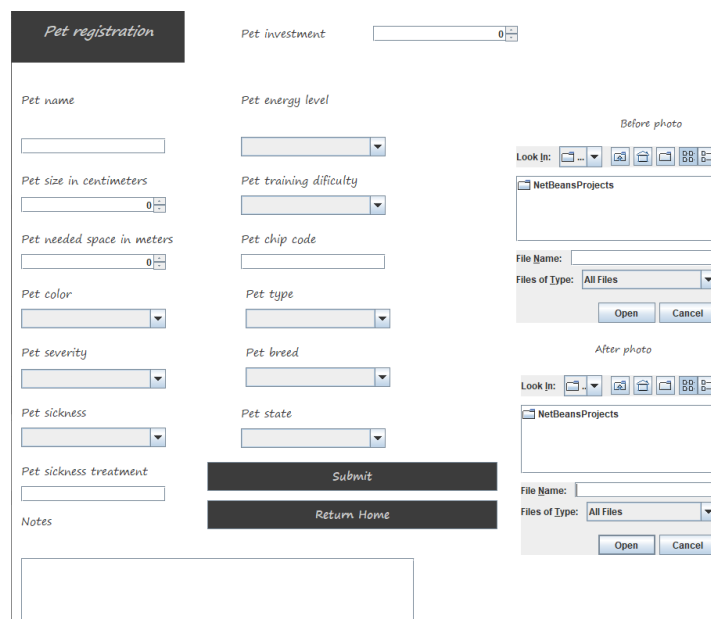

In this page you can view the banned list and enter a new person to ban.

The screenshot shows a window titled "Banned list" with a blue header. Below the header, there is a link "Ban a person" in blue text. Underneath, a form asks to "Digit the identification of the person:" with a text input field and a blue "Confirm" button. Below this is a large blue box labeled "List of banned people". At the bottom right, there is a blue button labeled "Return ho...".

Register pet and lost pet registration

These pages work the same way as the ones in the adopter page. You need to fill them up the same way, load the photos required with our tool and click on submit.

The screenshot shows a "Pet registration" form with a dark header. The form is divided into two columns. The left column contains fields for: Pet name, Pet size in centimeters, Pet needed space in meters, Pet color, Pet severity, Pet sickness, Pet sickness treatment, and Notes. The right column contains fields for: Pet investment, Pet energy level, Pet training difficulty, Pet chip code, Pet type, Pet breed, and Pet state. At the bottom of the right column are "Submit" and "Return Home" buttons. To the right of the form are two file upload sections, each with a "Look In:" dropdown, a file list (showing "NetBeansProjects"), a "File Name:" field, a "Files of Type:" dropdown, and "Open" and "Cancel" buttons. The sections are labeled "Before photo" and "After photo".
